

SUNNY FURNITURE EXPANDS AGAIN
Business As Usual

A POLICY PAYS OFF—This was the statement of Mory Corn, owner of Sunny Furniture, 3639 West Imperial Highway, as work began this week on the expansion of existing facilities to serve the many customers in the Canelina Valley area. Corn attributes the success of the local furniture store to the policy of offering the finest quality merchandise and services at low prices. Sunny's started as a small used furniture

place five years ago at its present site, and has consistently grown to the point where it now features new furniture, appliances, carpeting and other home furnishings. This is the third time that the local store has expanded in order to offer better service to the public. The new furniture store to the policy of offering the finest quality merchandise and services at low prices. Sunny's started as a small used furniture

Walteria Church Opens Vacation Bible Classes

Summer activities for the Community Methodist Church, in Walteria, got under way last Monday morning when 72 pupils appeared to enroll in the vacation Bible school, sponsored by the church. 20 teachers were also on hand to register.

The first Bible class the four-year-old church has held, will include crafts in clay modeling, textile coloring, oil painting, and jig-saw puzzle making. Students will also test their skill at creating a stained glass window on parchment paper. Workshop services will be the main function of the classes. A trip is planned to Forest Lawn cemetery during the season's classes.

Beautifulization of the church has been taken over by Mrs. Beth Landis and Mrs. Marjory Pfau and their fifth and sixth graders. Weeding, cultivating, and the planting of flowers are involved in this project.

The study of "Bibleline customs and dress in the childhood of Christ has gained the attention of Mrs. Roy Cornell, Mrs. John Chaudano, and their third graders. Also studying Palestine are the second graders, under the direction of Mrs. Betty Carrell, Mrs. Doris Hague, and Mrs. Jan Gaz. This class contributed oil lamps of clay and Nazareth-type houses, fashioned of shoe boxes, to the undertaking.

First graders have been occupied by the coloring of textiles, singing songs, and learning worship through stories. This class has been supervised by Mrs. Mary Pierson and Mrs. Jeanette Lawrence.

The kindergarten, with Mrs. Doris Haven, Mrs. Nancy Taylor, and Mrs. Dick DeMott of fluctuating is creating with clay.

General theme of the school is personal and group relationship.

Dean for the school is Mrs. Debra Cramer, secretary; Mrs. Mae Rampley and Mrs. J. A. Beasley assisted in registration.

Daily classes are being held Monday through Friday from 9:30 to 12:00 a.m. The church is located at Newton and Ward in Walteria, where pupils may still enroll if wishing to do so.

READY TO OPEN . . . The new "Pride of Torrance" hotel at 1806 Cabrillo is set to open here July 1, it was revealed yesterday by Michael Greene, one of the principals in the new establishment. Designed as a "working man's residence hotel," the 41-room, heated and air conditioned hotel will have daily maid service and ample off-street parking.

'Y' Campers Insurance Plans Told

All boys attending YMCA camps this summer will be automatically covered by life, sickness, and accident insurance, according to secretary Stan Roberts this week.

A total of \$2500 consists of life policy, \$1500 for accident and \$350 for sickness.

A constant health check will be kept on each camper by a graduate nurse, who will be on hand constantly at the Round Meadow camp.

Health being our prime interest, meals will be planned by experienced dieticians and fresh vegetables will be served daily, Roberts also stated.

To date, 100 boys have registered to attend the camp. There is room for 165 more boys.

Longren Aircraft President Told Small Defense Plants to Stay

The Longren Aircraft Co., 2576 Carson has won a first round fight with the Air Force and Department of Defense concerning the new important issue of plant dispersal.

Hampton Wentworth, as president of Longren and of the Small Defense Industries Assn., has successfully overcome Eastern and Defense Department pressure, which has tried to stop further growth of the Southern California Aircraft Industry. Wentworth has been assured by Harold Talbot, Secretary of the Air Force by direct correspondence, that companies of the size of Longren will not be effected. It is indicated that the projected workload in dispersed plants such as Longren is definitely on the increase.

Here 17 Years
Longren Aircraft, a 17-year old of Torrance, has been typically a vital contributor to the growth of Torrance. Chamber of Commerce figures indicate that 26 per cent of our Southern California people are directly dependent upon the Aircraft Industry for their livelihood, not to mention the butcher, the baker, the doctor, the department stores, etc., who are dependent upon aircraft payrolls for their own prosperity. Longren pumps annually into Torrance, more than \$1,000,000.00 in payrolls. Longren today announced that their backlog has topped the three-million-dollar mark, a first for the progressive growing company.

They have recently leased a major section of the old Ideco plant, to handle additional assembly area for their important aircraft and missile work. Their Torrance Airport site should start showing signs of construction of a new facility in the very near future.

Personnel Important
Wentworth has emphasized that the single most important factor towards remaining a leader in one's field, is the quality of one's people. Longren boasts well over 100 associates in their Carson Street plant who are Torrance people. Most of them are old timers. Longren

FARMING GAINS

An American farmer in 1800 raised food for himself and one-third for another person. Today a modern farmer supplies food for himself and 14 others.

GLASS REQUIREMENTS

Of a 600-pound melt of glass, only about 12 pounds is generally usable for the production of lenses used in eye-glasses for human use.

Kansas State Alumni Plan Annual Meet

At least 87 Torrance families are expected to attend the 25th annual picnic meeting of the Southern California Chapter of the Kansas State College Alumni Assn. Saturday at Brookside Park Pasadena, section D, according to Mrs. Ray Sloan, 20646 So. Haldale, president.

Kennedy Ford, alumni secretary of the College, will fly into town for the annual event and will address the group on "The Growth and Advances of Kansas State College."

Frank's Named Dealer of Month By Gas Company

Frank's Furniture Store, 1334 El Prado, was named Dealer of the Month by the Southern California Gas Co. for the store's unique tie-in with the "around the world" promotion and foreign recipes during the gas range campaign.

Taking real advantage of the "Where in the World do you want to go" promotion, Frank Dominguez, owner of the store, staged three cooking schools that taught the preparation of foreign dishes. Dressed in old world costume, Mrs. Margie Ewen of the gas company prepared dishes representative of Scotland, Germany, France, Russia, and America. Some Armenian and Bohemian dishes were added to round out the program of foreign cookery.

Approximately 200 Torrance area women attended the three-day event, Dominguez reported. The store was decorated with campaign display materials from the gas company, range manufacturers, and from TWA.

Ample space for the show was arranged at the store by moving furniture to the rear and then partitioning off the area by a long display line of modern gas ranges.

Workshop Offered By Stage Group

A theater workshop program, under auspices of the Hampton Players, now is operating Wednesday nights at 8 p.m. at the Jamaica Inn.

Emphasis during the course is placed on acting, although most phases of stage activity are being stressed by instructors Mary Woodson and Ethel Dugan.

Stage direction, voice projection, lighting and set building are included in the program. The public is invited to attend the workshop, according to a Players' official.

Hampton Players are currently rehearsing for their 12th production, "The Moon is Blue," which is set for July 8-9, 15-16 at Redondo High.

Persons interested in attending workshop meetings or who have inquiries concerning the theater group are advised to call FR 2-4334 or FR 5-3851.

Bostonians score again
with a new kind of comfort in men's shoes!
the Lo-slope

The new, lower, lighter Bostonian Lo-slope gives you that easy, relaxed feeling all the time. Laces are tied lower on your instep so that the strain and tension at this point can't possibly happen.
